CAREER OBJECTIVE

A seasoned IT professional passionate about software development, seeking a junior software engineer role. Eager to apply my experience with React Native and C++ to create high-quality software products that contribute to the company's engineering efforts.

WORK EXPERIENCE

IT Support Technician
PC Ambulante

📅 October 2023 - current   📍 Cluj-Napoca, RO

- Created various scripts for setting up KIOSK machines
- Solved a long ongoing issue with a client's database
- Automated 3 routine IT tasks to free working time and increase efficiency

Software Engineer Intern
FX Garage

📅 June 2021 - October 2021   📍 Sfantu Gheorghe, RO

- Database administration
- Integrated Java Business Process Manager(JBPM) to the app
- Developed front-end using Vaadin8
- Helped internal software reach closer to production

PROJECTS

React Native Application
Final thesis

📅 2023 - current

- Used React Native to create an application for a small delivery company in my hometown
- Implemented multiple useful functionalities to help couriers
- Also served as my final exam
- Used Firebase as the backbone of the application creating a fast, cloud based ecosystem
